PERSONAL PROJECTS

IMDB - find movies and Reviews (03/2023 - 04/2023)
- we can search any movies and also we can find the movie reviews.
- I have used a Rapid API to fetch the data from IMDB Api dojo.

Contact Information Book using React.Js (05/2023 - 05/2023)
- Developed a website where we can store our personal contact information which is responsive that can be used in desktop and mobile
- I have used a different type of Hooks to develop a website.

E- commerce website (04/2023 - 04/2023)
- I had created a login functionality where multiple accounts can be login.
- we can find some products and we can add them to cart.

WORK EXPERIENCE

Intenship- frontend web developer
callensights

05/2023 - Present
working as an intern in a startup company as a front end developer.

Achievements/Tasks

- Allocated to a frontend web development . As an intern, my work was to develop a website which is responsive. Developed a well designed website producing HTML, CSS and JavaScript for a website so that a user can see and interact with them directly
- The challenge associated with front end development is that the tools and techniques used to create the front end of a website change constantly
- The knowledge I have gained as a new developer on front end development, new frameworks, and also how to work in an office environment is splendid.
